Memo
FROM THE DESK OF THE ZONING ADMINISTRATOR

To: Township Board of Trustees
Date: 10/7/2011
Re: October 12 meeting notes

These are two zoning items before you, a text amend for regulation of garage sales and a township initiated rezoning to correct spot zones and other problems as a part of the new master planning process.

Ord 2011-05 Garage Sales. We have had no regulation on garage sales to this point. Our suggested ordinance is compatible with the city and county regulations. The key points are not more than 3 per year and not more than 3 consecutive days, with an exception for long weekends at holidays. We had to re hold the hearing as there was a defect in the notice. There were no public objections at either planning commission meeting. Amendments to the text of the ordinance do not require sending a notice to persons who have held garage sales in the past.

Ord 2011-06 Rezoning of multiple properties. This was done at the recommendation of our planner for the Master Plan, Cindy Winland. She recommended that it was a good time to fix problem spots. There were two areas that were a mix of zoning, Broadway near the new Mid Michigan Community College, and Isabella road in the first bloc south of Pickard Rd. There was a large response from Country Squire Estates, a subdivision abutting the recommended properties between Kay and Bertshire Dr. The commission has recommended that the three parcels be removed from the rezoning. While I still believe it is appropriate for those properties to be commercial as the best use, I suggest we wait until the property is actually being considered for a particular user. It is also in your prerogative to rezone the entire area as presented.

Re: ALDI Food Market

Dear Mr. Woodruff:
I have reviewed the Storm Water Management Plan prepared by Desine Inc. for the captioned project located on the Menard's outlot (parcel no. 14-026-40-001-12) in part of section 26, Union Township at the southeast corner of Bluegrass Road and Encore Boulevard. The existing storm water detention for the mall was designed to accept and detain the storm water runoff from the entire Menard's site including the outlot. Therefore the proposed project is consistent with the Union Township Storm Water ordinance.

If you have any questions or need any further information, please feel to contact me.

Sincerely,

RE: ALDI Food Market Site Plans

After review of the site plans for the ALDI Food Market on the Menard’s out lot off Encore Drive, ICTC finds no issues that would impede our provision of public transit services to this retail location. For our purposes, this is as well a designed layout as we have seen, and incorporates the necessary accommodations for transit vehicles to load and board passengers, especially those using mobility devices, without impeding other traffic flow through the parking area.
