Charter Township of Union

Boil Water Notice Lifted

The Charter Township of Union boil water notice issued on October 8, 2020, has been lifted and it's no longer necessary to use boiled or bottled water. We apologize for any inconvenience this has caused.

Basic recovery includes flushing pipes, faucets and drinking fountains for at least five minutes unless otherwise directed by your local utility.

Food establishment operators must also flush and clean food equipment attached to water lines (pop, coffee, ice makers) as directed by the manufacturer. Discard any left over ice, coffee or food made with water that may have been contaminated. Run water softeners through a regeneration cycle and flush hot water tanks.

Before serving or using the water food establishment operators must follow the instructions in the "Emergency Action Plans for Retail Food Establishments" guide. The document is available on the Michigan Department of Agriculture Web site at www.michigan.gov/michiganprepares. Instructions are available in English, Spanish, Arabic and Chinese.

For more information, please contact Union Township at 989-772-4600 ext. 224 ksmith@uniontownshipmi.com.
After hours and weekends 989-772-6921

Thank you for your cooperation,

The Charter Township of Union Utility Department
