To: Charter Township of Union Board

Re: Credit Card Bill Payment

In the absence of the Township Manager, I have taken over the responsibility of coordinating the payment of the Mastercard bill each month. The December bill was due 1-7-16, I received the last of the approved invoices on 1-4-16, after reviewing them and entering them in our system, a check was issued on 1-5-16. To ensure the payment was received at the payment center in Crosslanes, West Virginia on time, we sent the check by overnight mail, costing the Township additional overnight fees and a special trip to the Post Office.

To make this process run smoother and less expensive, I have been working with the lender, Isabella Bank, to set up an online payment process. I would like this process in place for the January bill which will be due February 7<sup>th</sup>. Isabella Bank has an account and password set up for the Township that I could be using to make payments, but in the absence of the Township Manager to authorize the online payment process or any other necessary credit card administration, the bank is requiring signatures from all 7 board members. Please refer to the board resolution I've included dated June 10<sup>th</sup>, 2009.

Isabella Bank is suggesting that operationally the Township should have more than one position at the Township authorized to conduct credit administration such as: credit card requests for new employees, cancelling credit cards on terminated employees, as well as online access for making credit card payments, requesting account information, lost invoices, etc. Last week, I received a call from credit card security, checking to make sure a questionable charge was in fact a Township charge. In the absence of a Township Manager, there is not another position within the Township authorized to handle credit card administration, without the signatures of all seven board members.

I respectfully request the Board authorize the Accountant, in addition to the Manager, to set up and use the online payment system for the credit card account and manage the credit card account with Isabella Bank. Please see the attached Resolution for your review and consideration. I've also included a list of the amounts the Township paid on the credit card statements over the past 12 months for your review.

Sincerely,

Sherrie Teall  
Accountant

Hi Sherrie,

Based on the facts presented, there shouldn't be an I/C issue. If you were ever to have a credit card, someone else should be reviewing / approving any transactions made by you.

**Subject:** Internal Control Question

Hi Ali,

I have a question for you regarding our credit card administration with Isabella Bank. We currently have a resolution in place authorized by the board in 2009, that gives the 7 members of the board, as a whole, authority to conduct credit card administration. The board has given the Township manager authority to administrate the credit card account with the bank through the policy governance document. Now that Brian has resigned, the Township doesn't have another single position authorized for credit card administration. I have had discussions with the bank, and they recommend that we have two positions authorized for credit card administration so in the event that one of those two positions leaves the Township, the Township would be able to continue normal operations, including credit card administration as needed. In 2009, when the original credit card resolution was signed, the Township did not have a full-time Accountant. I have made a request to the board, on the bank's recommendation, that the Township authorize the Accountant, in addition to the Township Manager, to conduct credit card administration.

From an internal control standpoint, I am thinking there is little risk for the following reasons:

1. The Accountant doesn't have a Township credit card.
2. The department heads approve the invoices for all purchases on the Mastercard account
3. After approval, the invoices are entered in the accounting system by an Office Assistant

4. The Manager or Accountant reviews invoice amounts entered, compares to the statement, and then prints the check or EFT documentation
5. The check payments or EFT payments made by the Manager or the Accountant are approved by the 7 member board at the meeting

The board has asked me to check with you to verify that the Township audit would not be negatively affected if the Accountant is allowed to handle the credit card administration with Isabella Bank. I've attached a copy of the original resolution, and the proposed resolution for your review, as well as my memo to the board explaining the situation.

## Memo

To: Charter Township Board of Trustees  
From: Kim Smith – Public Works Coordinator  
Date: January 22, 2016  
RE: Parks – Truck

As discussed in December there is a need to replace the truck in the Parks. The current parks truck is a 2001 Chevy that was passed from the Utility Department to the Parks Department. Since the December meeting we have parked the truck because it is extremely unsafe. The drivers door that was occasionally flying open while in motion will no longer latch. The headlights do not work and there is some other issue with the engine which causes it to stall out.

John Bebow and I went and looked at used trucks. We were looking for trucks that had low miles, some remaining warranty, and in good shape. I also contacted Stan from Kraphol Ford and Jim Agney from Gorno Ford and asked them to look for and price out a new F150 4 x 4 using the MiDeal Program discount. I did this so we could compare the cost of buying a new vehicle vs. a decent lower mile used vehicle. Below is a summary of what we found.

Kraphol Ford – New 2016 F150 4 x 4 Single Cab/MiDeal Discount (2 – 3 week delivery Red and White Truck available)	\$25,200.00
Gorno Ford – New 2016 F150 4 x 4 Single Cab/MiDeal Discount (10 – 12 week delivery/has to be ordered)	\$24,590.00
Graff Chevrolet – Used 2014 1500 4 x 4 Single Cab 14,255 miles (excellent condition/remaining warranty/good tires)	\$28,992.00
Sova – Used 2014 Extended Cab 1500 Chevy (12,000 miles – (Excellent condition/remaining warranty good tires)	\$27,900.00
Auto Group – Used 2010 Ford F-150 Extended Cab 42,400 miles (Good shape/3 month 3,000 mile warranty/good tires)	\$22,995.00

Graff GMC – Used 2014 GMC 1500 Double Cab 35,385 miles

(Good condition/remaining warranty/good tires)

\$30,948.00

I have attached the spec sheets that John and I received on each of these trucks. Because we were comparing various used trucks, new trucks, and available inventory all of the features and information for each truck varies. The three trucks that are the closest to what the Township normally purchases are the new trucks from Kraphol and Gomo Ford, and the 2014 single cab truck from Graff Chevrolet. John and I did not spend a great amount of time test driving these vehicles or trying to negotiate a better deal. Our goal was to get a feel for what is available and the cost of a new truck vs. a used truck.

I recommend that we purchase the new truck from Kraphol Ford because it has a full warranty, meets our needs, is available, local dealer, and we should not have any surprises with a new truck. Purchasing a truck for the parks was not in the parks budget and would have to be general fund expenditure. We have \$20,000.00 in contingency, \$5,000.00 budgeted for the purchase of picnic tables from the General Fund, and \$200.00 could come from the parks budget which includes \$500.00 for repairs to the 2001 truck. At this time I feel the purchase of the truck is more urgent than purchasing additional picnic tables. We can budget for tables again next year.

If the Board wishes to purchase a used truck I ask the Board to approve a not to exceed number so that we can look for a decent used truck and have the ability to negotiate a price and purchase the truck rather quickly. It is very difficult to commit to purchasing a vehicle from a used dealer and then ask them to hold it for three weeks while we seek approval.

If you have any questions please let me know.

**Rough Trade-In** - Rough Trade-in values reflect a vehicle in rough condition. Meaning a vehicle with significant mechanical defects requiring repairs in order to restore reasonable running condition. Paint, body and wheel surfaces have considerable damage to their finish, which may include dull or faded (oxidized) paint, small to medium size dents, frame damage, rust or obvious signs of previous repairs. Interior reflects above average wear with inoperable equipment, damaged or missing trim and heavily soiled/permanent imperfections on the headliner, carpet, and upholstery. Vehicle may have a branded title and un-true mileage. Vehicle will need substantial reconditioning and repair to be made ready for resale. Some existing issues may be difficult to restore. Because individual vehicle condition varies greatly, users of NADAguides.com may need to make independent adjustments for actual vehicle condition.

**Average Trade-In** - The Average Trade-In values on nadaguides.com are meant to reflect a vehicle in average condition. A vehicle that is mechanically sound but may require some repairs/servicing to pass all necessary inspections; Paint, body and wheel surfaces have moderate imperfections and an average finish and shine which can be improved with restorative repair; Interior reflects some soiling and wear in relation to vehicle age, with all equipment operable or requiring minimal effort to make operable; Clean title history; Vehicle will need a fair degree of reconditioning to be made ready for resale. The Charter Township of Union, Isabella County, Michigan, Ordains:

**SECTION I**

This Ordinance shall be known as the "Crisis Center, Inc. d.b.a. Listening Ear Crisis Center LDHA tax Exemption Ordinance."

**SECTION II - PREAMBLE**

It is acknowledged that it is a proper public purpose of the State of Michigan and its political subdivisions to provide housing for its citizens of low to moderate income and to encourage the development of such housing by providing for a service charge in lieu of property taxes in accordance with the State Housing Development Authority Act of 1966 (1966 PA 346, as amended, MCLA Section 125.1401 et.seq., MSA Section 16.114 (1) et.seq.) The Township is authorized by this Act to establish or change the service charge to be paid in lieu of taxes by any or all classes of housing exempt from taxation under this Act at any amount it chooses not to exceed the taxes that would be paid but for this Act. The Township acknowledges that Crisis Center, Inc. d.b.a. Listening Ear Crisis Center (the "Sponsor") has offered, subject to receipt of an allocation under the Low Income Housing Tax Credit (LIHTC), to erect, own, and operate a housing development identified as Listening Ear Crisis Center on certain property located at 3166, 3176, 3220 and 3230 E. Brian Smith, Township Manager  
Charter Township of Union  
2010 South Lincoln  
Mt. Pleasant, MI 48858

Dear Brian,

Crisis Center, Inc. d.b.a. Listening Ear Crisis Center is requesting a PILOT of 8% on the Northwinds Apartment Complex at 3176 E. Deerfield Road. Listening Ear is a private, non-profit, United Way agency with a mission to provide human services and affordable housing throughout mid and northern Michigan, including 79 affordable housing units mainly in Isabella County. Through our 24 hour crisis line, 2-1-1 information and referral services and other programs, we support 42,000 people a year.

We currently have a purchase agreement with Northwinds Apartments Limited Dividend Housing Association Limited Partnership of Gladwin. In order to conclude the purchase of the complex, Listening Ear is requesting an 8% PILOT over the next 15 years. The approval of the 8% PILOT will allow our agency to almost break even financially on the complex.

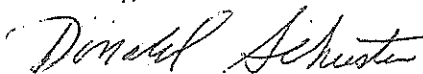

As of July 1, 2015, the Northwinds Apartment complex is no longer a low income housing complex according to MSHDA. With the purchase of the complex by Listening Ear, we would meet Section 42 of the Internal Revenue Code for perpetuity, which is a condition of Charitable Housing for a Non Profit. This would provide affordable housing to the low income citizens of Union Township.

When Listening Ear owns this property, we will additionally provide information and referral services, along with the array of other agency services to the tenants at Northwinds. This might include information related to utility, rent and food assistance, family support services, transportation assistance, mental health referrals and employment. We ensure that each tenant understands the basic support and mental health services of Isabella County and provide each family our agency brochure.

I have attached a copy of the income and expense projections, the IRS Charitable Housing rule, Unit Rents, comparable PILOTS from surrounding counties and agency brochure.

I look forward to attending any future meetings related to this request and answering any questions.

Sincerely,

Donald Schuster, LMSW

717, sets out “safe harbors” for organizations that provide housing to the “distressed and poor” to qualify as 501(c)(3) organizations:

- at least 75% of the units are occupied by residents with “low income” (80% of the area’s median income, adjusted for family size);
- and either at least 20% of the units are occupied by residents with “very-low income” (50% of the area’s median income, adjusted for family size),
- ~~or at least 40% of the units are occupied by residents with income that does not exceed 120% of the area’s very-low income limitation (60% of the area’s median income, limitation adjusted for family size).~~
- The housing must be “affordable” for the charitable beneficiaries (and not merely available for low-income or very low-income residents). This requirement may be met by the adoption of a rent policy that complies with government-imposed rent restrictions or otherwise provides for the limitation of the tenant’s portion of the rent, e.g., the Section 42 limit of 30% of the applicable median income.
- Up to 25% of the units may be leased to residents without regard to income limitations.

Peter,

See below for explanation of the storm water plan.

Per the township's requirements the minimum required storage volume for this site is 4,543 cft. The proposed improvements will provide 4,762 cft of volume.

The site has two existing areas that detain water during a storm event:

1. A ditch like swale on the west side of the building has 300 cft of storage. This catches water from the western wing of the building and a small portion of the parking lot.
2. A low spot on the northeast corner of the property which will hold 1705 cft. This collects water from the north side of the building along with a portion of the parking lot to the east of the building.

To provide the remaining volume needed a swale is proposed on the southwest corner of the parking lot. This swale will hold 2757 cft of storm water and will outlet into the ditch along Lincoln Road. The perimeter of the parking lot will be graded to catch any water leaving the parking lot and direct it to the detention swale.

The owner plans to have a contractor return to the site in the spring to complete the fine grading and slope restoration. They propose to complete the swale at that time.

As always, if you have any questions or concerns let me know. Thank you.

Sincerely,  
OHM Advisors

  
Chris Schafer, PE
